

## **Policy regarding the distribution of accommodation available through Malmö University**

Student housing available through Malmö University (University Housing) at Rönnen International and Celsiusgården is primarily distributed to students who are eligible for a housing guarantee. Possible vacancies are distributed to exchange students admitted to fulltime studies for an academic year or a full semester, depending on their agreement.

### **Distribution Order:**

- Fee paying students (housing guarantee applies to fee paying students having paid their tuition fee before deadline 1 June)
- Linneus Palme
- Bilateral agreements
- Erasmus
- NordPlus

In order to qualify to the first round of distribution, the application for University Housing must be filled in and sent before deadline, via the online application form. Late applicants is put on a waiting list.

If Malmö University cannot accommodate all full-time exchange students, the priority is done accordingly:

- Fair distribution between faculties at Malmö University.
- A balanced representation from different universities in Europe
- Duration of stay

When above mentioned groups have been assigned accommodation, there is an opportunity for other students at Malmö University to sign up on a waiting list in order to secure vacant accommodation via University Housing.

Students applying for accommodation after the deadline will be put on a waiting list. Vacancies are distributed according to the policy of distribution and application date.
